

OYO¹: WHAT TO BRING & WEAR TO THE FAIR

Look the part and you just might end up with an interview.

Dress to Impress

Do's	Don't
Wear business formal (especially seniors)	Wear sneakers, t-shirts, jeans, hats
Get that fresh haircut, manicure, etc.	Wear distracting piercings, jewelry, makeup, or fragrances
Wear classic colors that make you look professional	Wear overly bright colors or unusual patterns
Make use of the coat room (or leave them at home)	Wear coats or backpacks

Prep Your Portfolios

Bring a professional portfolio or two-sided folder. Make sure you have 20-30 copies of your resume and paper for taking notes. Don't forget a nice pen (although there will be plenty of backup ones from employers if you forget).

Where to Shop

Just realized you don't have a suit? Find something nice online (drone delivery?) or in local stores. Try stores like Banana Republic in the Holyoke Mall, or order online to get more selection at places like Nordstrom Rack. If budget is a concern, try outlets or consignment stores, which can have great deals on expensive items that no longer fit.

¹ On-your-own "OYO" resources help you begin to find answers to your questions now.
