To validate courses taken outside of UMass Amherst with the expectation to complete this process prior to taking the course. This is a pre-cursor to the following University paperwork (to be submitted after CS TCE approval):

- Prior Approval for Transfer Course Work Form (PAF)
- Senior Year in Absentia Form (SYIA)
- International Course Approval Form (ICAF)

To request a review of a course(s) transferred upon admission as generic CS credit (i.e., CMPSCI 1TRA, etc.), or for Five College course equivalency (only this form needed).

- Transfer Course Equivalency Review (TR EQ)
- Five College Course Equivalency Review (5C EQ)

Name: ___________________________ SPINE ID#: ___________________________ Email: ___________________________@umass.edu

Expected Graduation Date (circle): May Feb Sep ___________ (year)

- BS-CS (primary major)/ SM-BS-CS (secondary major)
- BA-CS (primary major)/ SM-BA-CS (secondary major)
- OTHER: ___________

Form Instructions (for CS course equivalents only):

1. Complete one form per College/University.
2. Email the TCE form with the supporting materials (all information applicable to the course) in one pdf document to tce@cs.umass.edu. Incomplete forms will not be reviewed.
3. CS will distribute the supporting materials to the appropriate faculty for a decision about the course equivalency. Final approval is by the Undergraduate Program Director (UPD).

CS Instructor Completes This Section

- Yes
- No, but equiv to:

CS DEPT USE ONLY

IMPORTANT: The College of Information and Computer Sciences Undergraduate Program has a Residency Requirement with a limit on the number of transfer courses that will be accepted to fulfill upper level CS Electives toward major requirements. No more than 3 transfer courses are allowed for the BS and no more than 2 transfer courses are allowed for the BA. Therefore, for the BS, 5 of the 8 CS Electives must be taken here at UMass Amherst. For the BA, 3 of the 5 CS Electives must be taken here at UMass Amherst. There is also a limit of one Five College course to fulfill upper level CS Electives for either the BS/BA.
Complete this page for each course to be reviewed.
